Interpretation

Add up your points.

12-24	You are doing an excellent job taking care of yourself.
25-36	You have room for improvement. Examine the areas where you struggle and seek help from family, friends, or healthcare professionals to make some changes.
37-48	You are doing a poor job taking care of yourself and are at moderate risk for personal health problems. Talk to your healthcare provider or others who can help you create and stick to a plan to take better care of yourself.
48-60	You are at extremely high risk for personal health problems. It is important for you to talk to your personal healthcare provider as soon as possible. Remember, you can only provide good care for someone else if you take good care of yourself.
